Singleton, at the Postoffice, has Godey's Lady's Book for January; also, the Waverly Magazine, and Harper's Bazar. AGRICULTURE AND MECHANICS.

The Nashville Association-Its Union with the Blood Horse Association

Under the Brownlow administration, the State has ceased to foster agriculture and the mechanic arts, but has devoted itself to the issuance of bonds and the imposition of taxes. Many of the disfranchised counties in Middle and West Tennessee have oreanized agricultural and mechanical societies, which, during the past fall, have been eminently successful in their displays of industry. Recently, Davidson county has formed an association of this sort, which is now canvassing the question of a location for their Fair grounds. We understand that it is proposed to transfer the present Nashville Race Course to the same locality, and to unite with the Blood Horse Association in unite with the Blood Horse Association in to be paid to the consulting physician a an enterprise to select and purchase a tract the time the consultation is held, except of ground which will answer the purposes where the attending physician calls the of both, and admit of the highest improvement and the greatest attractions. An important element is accessibility, and hence, it has been deemed proper by those having it in charge, to place it on a railroad. Three places, we learn are proposed one on the Nashville and Northwestern

road, one on the Nashville and Decatur and one on the Nashville and Chattanooga-We have not had the pleasure to examine siderice, and a general knowledge of the | shall be agreed upon. pecially acquainted with the last namedthat of Maj. Goff, on Mill Creek, that one secus to us peculiarly adopted for the purpose. For Fair purposes it has water, is accessible by rail, is surrounded by pictures, que scenery, and presents every attraction-As a race course, it is unsurpassed within twenty or thirty miles of Nashville. It never overflows -- the soil is a sandy loam, and with proper drainage could be made

terested should not fail to consider its accessibility, its cheapness, its adaptability to the purposes designed, and its peculiar suscepubility to the highest degree of improvement at small cost,

County Commissioners. A petition was granted James Turner to change assessment of taxes.

The following report from L. D. Hogle Jail Physician, was received and filed: TO THE HONORABLE BOARD OF COUN-TY COMMISSIONERS, County of Davidson, State of Telliesse-Gentlemen: I have the honor to submit the following report for your consideration for the three months ending November 30, 1868 : I have made weekly examinations of the itil of said county, and have, at all times, found the sanitary condition healthy and clean. The cells, passages and the whole department is as well went-lated as the condition of the

building will admit, and freed from impure air by the use of di-infectants, as stated in my last report, in which I called your attention to the great need of blankets and mattrasses. The former have been furnished, but the latter have not, and for which the promets are suffering. The weather, as you well know, is now getting paire chilly and the nights already cold ach prisoner is allowed two blankers; buse, with muttrasses, would make them comfortable and render them less liable to sickness. Many of them are suffering with theumatism, which in my opinion i mostly for want of proper bedding. would again respectfully ask your attention to the fact, and that at your earliest convenience you will furnish matresses for at least fifty persons, there now being forty in jail, I'be capacity of the building is one ndred and fifty persons.

The culinary department under the man-sgement of Joseph Wharton is well conlucted; everything is next and clean; the prisoners are fed on good and wholeson die, such as corn bread and beef with vegetables, all well and tastily cooked. They dine at 9 o'clock A. M., and 3 o'clock P. M. There is but little complaint aside from the want of proper bedding. All of which is respectfully submitted.
L. D. Hogle, Jail Physician.

Petition of James Thompson for a change in assessments was granted. An application was made by John A Commings to have assessment reduced from \$1500 to \$1200 and was rejected. John J. Dunn was released of taxation
